

Memo

To: Spencer Road/Stone Quarry Road Neighbors
From: Joe Bowes, Senior Real Estate Developer
Date: April 27, 2015
Re: Changes in traffic patterns May 4th through May 15th 2015

Dear Neighbors:

This memo is to inform you of a temporary change in traffic patterns along Spencer Road. Construction of the new sidewalk and curbing will begin May 4th. In order to complete this work a section of Spencer Road will need to be reduced to one lane during daytime working hours **Monday May 4th through Friday May 15th from 7:30am to 4:00pm**. When work is complete for the day two-way traffic will be restored. In addition, **left turns from Stone Quarry Road onto Spencer Road will not be allowed at any time from May 4th through the 15th** due to the construction barriers required to keep workers safe. Below is a diagram that shows where the work will occur. The yellow flags represent flagging stations where flaggers will be directing traffic. The thick red line represents a concrete barrier which will not be moved each day but will allow two lanes of traffic to pass. The red dotted line represents moveable barriers which will reduce traffic to one lane during work hours and then moved to allow two lanes of traffic when work is finished for the night. Temporary signage will be installed to inform drivers of these changes to traffic patterns. This work and disruption to traffic will be complete by May 15th. If there is a change to this timing INHS will notify you. This plan has been reviewed with the City of Ithaca Traffic Engineer. If you have any questions please do not hesitate to contact me at 607-277-4500x204.

Thank you for your cooperation in this matter.
